A photograph of a woman with dark hair pulled back, wearing a black leather-like top and patterned stockings, sitting at a bar. She has a large, colorful tattoo on her right arm and a smaller one on her left forearm that says 'LBS'. A man with a shaved head, wearing a grey button-down shirt, is standing behind the bar looking at her. The bar is well-stocked with various bottles of alcohol on shelves in the background.

Skin Diamond

I was about to leave the bar when this hottie slid her phone number over to me. I could tell she was horny from the way she looked at me and licked her lips. After a brief conversation, she grabbed my hand and led me to the restroom where I got the best blow job and pussy I've had in months.

How one woman gets her kicks from teaching younger dudes to play

COUGAR GONE WILD!

It all began when I met this blue-eyed stud. It was a Saturday night and I was alone at this dull party when I saw this tall, lean hunk. He was a perfect specimen. I don't know what else to say, except that he was virile, all male, and he had the tightest ass I'd ever seen on any guy.

Someone put on a slow record and this stud asked me to dance. My pussy was pulsing up before he even touched me. When I melted into the arms of this six-foot package of muscle, my body started screaming desire at me. His body fit against mine perfectly. I could feel his chest rubbing my tits, his cock growing against my pussy. I was hoping he'd ask me to leave the party with him. Then he kissed me.

The guy was a lousy kisser. His lips were weak, though his mouth smashed against mine too hard. Worse, he slobbered. My desire to spend the night with him soon disappeared, but my horniness did not.

That was when I noticed Nate. He was watching me quietly, with a hungry look on his face. Even in the semi darkness of the room he looked young, but he also looked attractive. Moreover, he looked interested in me. Nobody else in the room did. When Nate smiled at me, I smiled back.

We were in my bed together in less than an hour. On the way home, Nate told me he was 20. That's two-dash-zero. I gulped. We agreed that I wouldn't mind that he was 20 if he wouldn't mind that I was not. Since the last lovers I had were my age and lousy in the sack, I decided I'd train my own stud if need be. Nate appeared to have great potential.

He caught on fast. He kissed me long and hard. When he saw how willingly I accepted the slithering entrance of his tongue, his eagerness got the best of him and he stripped his clothes off

and then mine. But when he pulled me to the bed, I slowed him down. Yes, I was just as hot as he was, I told him, but that didn't mean we had to rush. I raked my fingernails slowly across his back and felt the goosebumps rise on his body. He put his teeth on my shoulder and scraped lightly, much as I had done with my nails. I got goosebumps too.

That wasn't the only thing rising. His magnificently pointed, beautifully hard and impressively strong-looking cock towered from his lean body. If it had tried to rise any more it would sure have blasted off like a rocket. Every inch was stretched to the limit.

Overshadowed by the mighty monster above, his jewel sack hung heavily between his thighs. My eyes remained fixed on his most prominent feature while Nate continued to make love to me. Little pearl-colored drops of liquid kept forming at Nate's cockhead as I watched. It seemed that with every sensual scrape of his teeth his fever rose, just as mine did.

But then he changed focus with a jarring suddenness. His hands and lips were all over my breasts. He licked and sucked me all over. It could have felt wonderful, but he was too frenetic, too harsh. I stopped him. "Slow down," I told him. "And not so hard. You're hurting me."

He stopped; his mouth remained calmly on my nipple. It occurred to me then that this evening wasn't going to turn out like the other times. His attitude was one of worshipful respect. The situation had all the best aspects of dominance, but with none of the pain or bondage. He looked up to me reverently; I was his sex instructor. A hot jolt ran through my body.

Nate's mouth was still on my nipple. "Gently," I instructed him, and gently was how he did it. When he stopped, I was just

about to tell him he was jumping around too fast again; but then I felt his tongue on the outstretched tip of my other nipple. Just before his lips closed around it he said, "Equal time, you know. It's the American way." Then he was silent, except for a few "mmmm" sounds as he teased my nipples with his tongue and his sweet, sucking mouth.

My eyes blurred and his monster cock appeared to get wider. My pussy felt as if it were expanding to accommodate that thick meat. I groaned once and Nate looked up to see if he had gotten too rough again. To answer his wondered question, I smiled. My pussy had begun to throb to the imagined feel of his cock slamming up into me. My breasts were humming. I was going to go over the edge in another minute, no matter what he did. I wanted him to be inside me when it happened.

Groaning, I sat up and pushed him away from me. But I wasn't the only one whose body was working too quickly. Nate groaned just as I did and then I saw his dick jerk once, hard, and the goo shot out of it. Then his thick jism was on everything. It coated one of my thighs, spurted onto the other calf, spotted the bed, and finally dribbled onto his own balls. "I'm going to have to teach you about holding off," I told him.

Nate looked ashamed but he did say, "I can get hard again right away. Will that help?" Would a heater help on a cold day? I figured it was my turn to play "Mouth Madness" and get him up again as hard and as fast as possible. I tried riding down his body on my tongue. That's a pretty surefire method, and it sure set Nate on fire. I traveled my tongue from Nate's shoulder to his waist, causing shivers and raising goosebumps all the way. I turned left at the belly button and detoured down to do a little exploration of my own. Then my tongue rolled on farther, taking a side path to the thighs, where I kissed and nibbled and licked, but I avoided all his efforts to make me move my head upward. I shook my head vigorously, meaning "No, not yet."

Nate followed my gentle guidance and rubbed around the very tip of my clitoris, staying near the mark. He was getting so good at it. I gently pushed him onto his back and mounted him.

I was more in control, sitting astride him, than if we had been in the malesuperior position.

He was overeager, bucking upward and slamming his cock into my hot pocket as if he were hammering a nail. I put my hands on his shoulders to slow him down and engulfed his pole, with my pussy muscles clamping him as hard as a fireman holds

the pole he's sliding down. His entire body shuddered, then shook violently as my pussy, still with its muscles clenched around him, came back up his pole in a side-to-side motion.

"Let me see!" he groaned, pushing my shoulders away from him. I sat up and spread the lips of my pussy as wide as I could. My slick juices bathed my fingertips and my cunt lips slipped out of my grasp. He put his hands on me, spread my lips, and took a deep breath as he saw my flaming pussy swallowing his meat. I bent my head down to see. His cock was crimson and angry, and my pussy lips were a mottled red, bathed in Nate's pre-cum. My stom-

ach felt like there were bees buzzing around inside it and my heart pounded. At the sight of his pole entrapped by my burning pussy, a wave swept through me and I was coming before I even knew it.

I fell back down on the bed, my breasts slapping against his hairy chest, sweat pouring off my body and tears falling from my eyes. I lay there, panting, feeling Nate's spike moving upward and shafting my pussy. His broiling-hot meat left us both trembling.

If you can believe it, we still weren't through for the night. That's one advantage of 20-year-old dudes: they may not have great staying power, but they sure can get it up again! And again and again and again. That's what Nate did, with me showing him the way to please me best. He was so good that I decided to see him again, even though I'd only thought of him as a one-nighter when we had left the party.

I also thought it was a fluke, me getting involved sexually with a guy 17 years my junior. But the very next week I met Tony. At 18, Tony was less experienced than Nate and even more willing to take a sex lesson.

He seemed to think, when I got home with him, that a woman's body exists in three parts: pussy, tits, and "everything else, which is useless." Obviously, I had to set him straight. "Kiss me all over," I said, and the idea was apparently a shocker for him.

"Where?" he asked as his lips grazed my underarms.

"That's not a bad beginning," I said, as his kisses warmed the ticklish clefts and caused waves of warmth to radiate through me. "What about the backs of my knees?" After he had caressed the backs of my knees with soft, open-mouthed puffs of breath, he repeated the breath caresses on my ankles, fol-

lowing them with kisses that only lightly touched my skin but strongly touched a serious sex nerve deep within me.

He explored the erotic potential of each ankle, reducing me to a tingling, shivering mass of open-ended sexual nerves. He kissed the tops of my toes almost reverently and I realized that once again I was the older woman, the experienced woman who

I began to get excited. Of course, it wasn't the same as if he'd been playing with my clit. Still, the thought of what he was doing and the feel of his cockhead lodged there made my pussy come alive with need, and I opened a little wider. My left hand pushed my breast more to the side, so Tony's cock not only glided between my arm and side, but also rubbed my tender breast.

It made me even hotter to feel his body trembling, so I put my hand to my clit and gave myself three good strokes. My finger felt like silk as it stroked my pulsating clit. When Tony caught sight of what I was doing, he breathed in real deep, real fast, and then slammed his pile driver harder between my arm and side. As he did, his whole body began to move just as if he were fucking my pussy. When I felt that, my body moved in a similar motion.

I was tempted to get myself off when he got off, but I had chosen to get him off first for a reason, so I left my clit alone.

was willing to take her time with Tony—not only to have sex with him but to instruct him.

From the tops of my toes he transferred his attention to my insteps. My skin shivered all over as his feathery kisses fluttered on the bottoms of my feet. Then he stopped and positioned himself above me, but I didn't want him to get off in my pussy the first time. I was sure that first would not be the last climax this evening.

When I closed my legs to his cock he looked crestfallen, and more so when he learned I wasn't offering a blowjob either. He unhappily concluded it was hand job time, but that wasn't the way I had it figured either. So I told him, "Well, the first thing I thought we'd do is ... well, when you were kissing my armpits, I was wondering ... Have you ever fucked a woman there?" From the expression on his face, it was clear he'd never even thought about it.

I lay on my left side, resting on my elbow, with my left hand holding my right breast up toward my side. Then I told Tony to put his cock between my arm and my side, right up against my armpit. He looked at me like I lost all my marbles. "Just try it," I said. He still looked disappointed, but he got behind me as I motioned for him to do. He put some pillows under his ass, as I told him to, and then I rolled back against him, half on top of him. He fit his cock into the opening I had indicated.

At first, when he tried to push his cock in, I kept my arm against my side too tightly for him to penetrate. He got frustrated, thrust it in harder, and still got nowhere. He started bitching but I told him to just be persistent. Then I opened the entrance just a little; now he could get his cockhead in, but couldn't get any farther. I felt the knobby head of his cock in my armpit and it tickled. It felt good. It was very sexy.

But my body still kept time with his. I was moving wildly by the time he announced his orgasm with a scream of accomplishment at the end of a great effort.

I felt his warm juices ooze between my arm and side and seep out to run down my breast, down my chest and across my belly. I rolled over, facing him, and rubbed my body up against his, grinding my flesh against his flesh and rubbing his juices into his skin.

"Now do you see what I had in mind?" I asked.

He grinned as he gasped, "Yes!" Then he said, "I'll bet you could teach me a lot." I agreed I could and he said, "There must be a lot I don't know." He sounded displeased with himself.

"Nobody starts out knowing everything," I answered. "I bet there are even things you could teach me."

"Like what?" His voice was edged with disbelief.

"Well, what about places? You live with your folks and I bet most of your girlfriends aren't out on their own yet. Where do you get laid?"

"I could show you next time," he replied hopefully.

I smiled at him. "We haven't finished this time. You've only gotten off once and I still haven't gotten my cookies." I rubbed my throbbing pussy up against his leg; I really needed it badly. Bending down, I took his dick in my mouth to harden it up for him. His jism still coated it and I passed my tongue across it till there wasn't a surface of his cock that hadn't been licked by the flat of my tongue. Then I rubbed the tip of the flat underside wherever I could. I could feel the need burning through his body. I clamped my mouth around his cock and drew it as far down my throat as it would go. I could actually feel the throbbing in his cock and he fell back on the bed, arching his back as if to push his hot poker even farther down my throat.

I eased off him slowly till only the cockhead was left in my mouth and I gave that a loving lick, swirling my tongue around it as rapidly as possible. Then I let go. He lay there in an advanced state of frustration. Then he finally got up and pushed me down, feeling that he ought to eat out my pussy in return. But as his inexperienced tongue probed my labia and missed my clit, I stopped him. "That's another thing I'll have to teach you," I told him, "but right now I'm too hot for that, anyhow. Maybe later."

"Maybe the next time?" he asked hopefully. I pulled him onto me and he straddled my body with his muscular legs. His throbbing hard-on was aimed right at me and I looked at it with delight and awe. It was reasonably long and exceptionally thick. I could imagine how it would feel stuffed up inside my pussy. "Give it to me," I said, reaching for it and pulling him by the cock, aiming it at my eager pussy hole.

Leaning on his hands, hovering above me, he slowly lowered his hot cock to the doorway of my cunt. Then he thrust it in, but his rhythm was all wrong. Dammit! "Let me show you," I said, and instructed him by moving my own body. He followed my lead and produced a fairly decent approximation. "That's a lot better," I said. "Now try to move this way." He followed my instructions, but he looked dejected.

Then his face brightened. "Would you like to try something I'm better at?" he asked. I realized I'd better say yes if I wanted to bandage his punctured ego. "Roll over, then," he said. "My girlfriend doesn't want to get pregnant and I can't stand rubbers, so we mostly do this." He dipped his hand to my overflowing pussy and came up with a handful of nature's lubricant, which he carefully and lovingly rubbed on my puckered asshole.

First he wiggled a finger in, lubed up with my pussy's secretions. Then he slipped a second finger in me, and then a third. The three of them went sexploring together, feeling, their way around and touching as much of my insides as possible. Finally he spread his fingers as much apart as possible and withdrew them slowly, continuing to spread them—and my opening—as much as he could.

He had barely gotten his fingers out when I felt his cock nestling between my cheeks. It rubbed me up and down in my crack for a minute—not trying to enter me, but just making me hotter than I already was.

Then I felt him slip his cock between the folds of my pussy and I wondered if he'd changed his mind. My clit felt his cock slip in and then out again. And then he popped his freshly lubricated cock up my asshole and it entered without a hitch.

His hugeness filled me up. Even before his cock began

pumping in and out, my asshole was sending messages to my pussy. His dick felt as if it were filling my entire ass and I began bucking under him, but this time it was he who told me to slow down; he who established the rhythm.

He pumped his cock in and out of me, slowly but deep. Even though I knew it wasn't possible, I felt as if he were sinking it in

farther with each stroke. His balls were flapping against my ass, slapping me with each thrust.

"Finger me," I panted, and he assaulted me harder with his battering ram as he slipped one finger around to my juice-soaked pussy and then played with my clit.

I pushed hard against his finger, and then reared back hard against his cock. He jabbed into me faster and faster till I heard him scream out in pleasure. I let go at the same time and we both collapsed, his cock still pumping hot cum into my ass, my pussy still throbbing. I ground down against the bed and was rewarded with feeling my pussy spasm into another climax.

As I lay there panting, with small tremors still tearing through my pussy, I told Tony how good he was. "Would you like to teach me how to fuck you in the pussy the way you like it?" he offered. "Or maybe next time?" There was that question again.

"Yes, next time for sure," I told him, and he grinned.

There were many "next times" for Tony, and by the time I was through with teaching him, I had turned him into the closest thing possible to a perfect lover. He'd latched on to a girl his own age and was making her very happy, thanks to what he'd learned from me. I had no objections, of course.

And besides, by that time I had two other young studs learning how to service me the way I like it. Both of them were worshipful pupils and very fast learners. They also seemed to each have an endless supply of cum and could get hard as often as I wanted them to. You can imagine the fun I was having!

So now, when my friends tell me all about their mature lovers, how good they are in bed, I smile and just keep my little secret to myself. After all, now I have my pick of young dudes. And I don't need my friends raiding the goodies.

After my pilates class ended, I rushed home to make my massage appointment. The usual masseur double booked himself, so I've got a new guy today. As soon as I saw him, I knew I was gonna want more than just my back rubbed out.

After putting the final touches on our new condo, my fiancé was surprised to find me in his favorite bra and panty combo. We were supposed to be going out for lunch, but I've got a feeling we'll be going out for dinner instead.

Some readers wrote to us and asked that we share with you. So we will.

LETTER FROM A HOOKER 3

I've written a couple of times before, and I am starting to wonder if I'm in the wrong profession. As a call girl, I've always instinctively had the ability to separate my personal desires from those of my clients. In the broadest possible sense, I am there for them rather than myself, and if I have a good time, then great, but that's not what work is for. Or so I thought.

About a month ago, I received a job like any other. It was light on the details, simply telling me where to meet and how to dress, which was so normal I didn't think much of it. I met my date for the night, a man we'll call Nicolai. He took me out to dinner, and we spent several hours at a nearby club before he led me up to his room.

It wasn't until we were in the elevator that I discovered he was married. Normally, that isn't all that big of a deal, except; I work with a lot of married men. But as we were walking down the long hallway to his room, he told me he wouldn't be sleeping with me that evening; his wife was.

I had to force myself to smile through the genuine surprise I felt, barely realizing that I still needed to keep up with him. He led me to the room, and, to my surprise, laying there across the bed in a thin, almost sheer, lavender night gown, was the most beautiful woman I'd ever seen (I'll call her Lisa). She sat up, the nightgown spilling easily over her chest, exposing her breathtaking cleavage and round, perky boobs.

The gown was loosely tied around her waist, showing off every line and curve of her caramel skinned flesh while leaving plenty to the imagination. She didn't seem surprised to see me, and instead got up and walked over to start looking me over without any prompting from her

husband, who quickly vanished to the bathroom, leaving the two of us alone.

She asked if I spent much time with other women, and I told her I'd had a few female clients, but didn't think much about them often. Her hands started to gracefully trace my cheek and jaw, and I couldn't help the heat that started rising in me. Long fingertips with pointed nails moved down my neck and toward the straps on my dress, which she quickly pulled down over my shoulder as she leaned in to lock lips.

For some reason, in that half-second before I felt her luscious lips graze over mine, I was nervous and terrified. While her husband had hired me, it was clear suddenly that I was here for her. And the way that she held me in her eyes, the way her fingers knew exactly where to go and what to do threw me into a moment of panic as though I had forgotten what I was even here for.

She seemed to sense my nervousness and wordlessly guided me towards the bed. Along the way, her nightgown slipped off, showing her perfectly formed frame. She lay me down, hovering over me and delicately kissing down my body as she revealed my own toned frame. At the breast, she stopped, letting her tongue work a magic spell over one nipple while her fingers played with the other. She went back and forth, giving both nipples equal time and sending me into a wild frenzy.

At that point, Nicolai emerged from the bathroom in black thong that barely hid anything and made his way over to a chair by the window, touching himself as he watched his wife have her way with me. And I didn't want her to stop.

Her free hand made its way down my chest and to-

A KITTEN PURRS

wards my panties and finding its way through. As first one finger, then another, and at least one more made their way up inside me, I felt a rush of pleasure surge through me as I gripped tightly on the bed and did everything I could not to scream. And as soon as she had me, she let me go.

Not enough for me to come to my senses, but enough so that when she pushed deeper again, it was an entirely new rush, like she was playing for the first time all over again! We took over the bed, with Nicolai relegated to the chair and to watching. He never made a move towards us, but the few times I remembered he was there it was because he was feeling the same rush of pleasure as I was.

I belonged to Lisa tonight, and if Nicolai managed to distract me, a press of her fingers inside me, a lick of my boob, a fierce kiss was all she needed to bring me back to her.

She took her time with me, with the minutes and hours blurring together as she found a dozen different positions on the bed. I didn't realize it at the time, but she did all of this without toys. When she lowered her mouth down to my crotch, her tongue flicking wildly in and out and sending me close to the edge, I had to look up to realize it was really her. She was a master who used all night to take care of me.

When I awoke the next morning, it was by her side and to her kiss. And she invited me to stay. Stay here with her, and with Nicolai, who I just realized was on my other side, holding me close. I don't remember ever feeling this tempted before, but feeling their breath shared across my chest and neck, warm and comforting, with a woman who'd touched me in places I didn't even know I had...

I am very much thinking about their offer and leaving the profession for this feeling of love and tenderness that I never truly believed possible.

— Sylvia K., Pittsburg, PA

The house was packed with people celebrating the end of the semester and for most, the end of their education as commencement was in a few days. The buzz in the air was as much excitement as it was dance music and alcohol. I was standing in the kitchen watching the people dancing to the music that was thumping out of the speakers when I felt a pair of hands lightly grab my waist. I knew it was her but I still nearly jumped out of my skin. "Shhh Kitten, it's just me," she breathed into my ear. Her breath sent shivers down my spine.

She took my hand and led me through the crowd and down into the basement where we would be alone. Her touch alone made goose bumps race along my pale skin and my tummy do flip-flops. Her room was sage green and lavender and smelled like spring, just like she did.

She shut the door behind us and I heard a soft snick that was the lock closing home. I bit my bottom lip and turned to face her. The look she gave me made my bones feel liquid and my skin too tight; I blushed. She closed the distance between us, "Don't be nervous kitten, I'll take care of you." I leaned in to kiss her softly, testing. She put her hand on the back of my neck and the other on my waist, locking me in place. The kiss deepened, she ran her tongue over my bottom lip and I met it with mine.

The kiss burned me but I didn't want it to end, wanted to feel this forever but she broke her mouth from mine and began kissing my neck down to the hollow at the base, my sweet spot she called it. Then her hands were on me pulling my shirt over my head and mine, more slowly, doing the same for her. She put her hands on the waist of my jeans and undid the snap, I held my breath. "Breath love, you don't want to pass out," she giggled. Next thing I know, she steps back and I'm standing in front of her in my plain black bra and panties.

BLAIR-NTS-10

I blushed again as I felt her hot gaze flow over me. She liked what she saw, I could tell in the way her breath sped up and the way she bit her bottom lip. That surprised me because I didn't have a great body; I was soft and curvy where she was lean and athletic.

Her obvious approval made me bold and I walked to her and unzipped her skirt letting it fall to the floor around her feet. We were kissing again, just as hot and burning as earlier only now our hands roamed each other's bodies, exploring what had only be previously felt through clothing. She backed me up to the bed, the mattress hitting the back of my knees and knocking them out from under me.

I landed on the soft bed and pulled her with me; out kiss broken by our giggles. She rolled us over so I was lying on top of her, and snaked her hands behind me and unclasped my bra. My nipples were hard, begging her to touch them; she did. She took one with her left hand and rolled it between her fingers and the other she teased with her tongue. She leaned back and took her bra off and then leaned back into me letting our chests mesh together as our lips met yet again.

She ran her hand down my side and my thigh and then brought it back again. My hands were on her full chest massaging and pinching her nipples, her moans swallowed by our kiss. She freed her mouth and put it by my ear, her hand still running up and down my thigh, "I want to touch you Katie. Do you want me to touch you?" "Yes, yes," I moaned. Her hand ran up my leg again only this time on the inside. She came so close to my core she had to feel the heat but she ran it back down the other leg. I sobbed in frustration. I needed her touch, more than anything.

"Purr for me kitten," as she rubbed me harder; she stopped, pulled my last piece of clothing off tossing it on the floor. Her fingers teased the outside of my swollen core, rubbing the clit just slightly; driving me mad. Then a finger was shoved inside me and I gasped as she swirled it inside me. Adding another finger she began

pumping them in and out, in and out.

"Want more, baby?" "More, yes, more!" I cried. A third finger joined the others and the pumping was faster, harder, drawing me closer and closer to the edge. Then they were gone and were almost instantly replaced by her mouth. Her tongue thrusting inside of me and teasing my swollen clit; my head thrashing from side to side, I was lost and found, empty and whole. My climax slammed through my body in waves, the walls of my pussy tightening around her tongue.

As I lay dazed, she lapped up my juices then crawled up to me and kissing me, let me taste myself. "Taste how delicious you are?" She asked. "Mmmm, yes, but I'm sure you're even more so," I said as I rolled us, a devious grin on my face. "Well I'm not sure of that kitten, but you can test your theory." She led my hand to her core, "When had her panties come off?"

I thought when I felt only warm, moist flesh. It didn't matter, only she mattered. I teased her sensitive lips with my fingers, dipping them between the folds but not entering her; exploring what I had not felt except for when I had pleased myself. The more my fingers teased her, the more she begged me to touch her deeper. Taking one of her budding nipples in my mouth, I shoved two fingers into her, pumping them wildly.

I released her sweet bud and moved down between her legs, never stopping the assault of my fingers. I added a third finger as I teased and sucked her swollen clit. She bucked as my fingers slammed into her core and when she finally came she screamed my name. I licked the slick juices from my fingers and from her thighs. "You taste like heaven," I say to her. She only smiled and rolled me under the covers. "Told ya I'd take care of you didn't I kitten?" "Mmmm yes you did."

Both spent, we curled into each other's arms under the covers and drifted off to sleep together.
